

NEWPORT NEWS.

Prospects Bright for Securing Proposed Pottery Plant.

The Congressional Party Pleased With Their Inspection of the Temple Farm—Bronze Tablet for the Kearsarge—Printers' Night at Buckroe Beach—Bibles for Sailors.

Newport News, June 12.—Strong efforts are being made by the Business Men's Association to secure the proposed pottery plant here. Last night a session of the Association was held at Rosenbaum's Hall, at which there were present President J. A. Willard, D. M. Ainsley, R. P. Orr, D. V. Eisman, Captain J. W. Elliot, N. J. Eastman, R. W. Reynolds, J. R. Sprague, J. L. Patton, Percy Porch, Dr. J. W. Eyer, J. W. Fry, T. P. Samons, W. E. Cottrell, M. J. Wright, D. Stein, Vandeventer and Ketchum.

There was no report ready from the special committee on pottery plant, but a letter on the subject from President Stevens, of the C. & O. R. R., was read. He stated that the matter had been called to the attention of First Vice-President Deane Axtell, and also said the railroad would co-operate with the B. M. A. in an effort to secure the pottery plant for Newport News.

Captain Steward advocated early and active efforts on the part of the Association in this matter, and moved that a committee consisting of Mr. J. A. Willard, President of the Association, W. E. Cottrell, Chairman of the Committee on New Enterprises and Mr. J. L. Patton, representative of the Old Dominion Land Company here, be appointed to go to New York at the expense of the Association, and lay before Mr. Orcutt the facts relative to the plant, and do all in their power to locate the plant here. The motion was discussed by the other members, pro and con, and the motion was put and lost. It was finally agreed that Mr. Orr, who will be in New York next Wednesday, would announce the same purpose of the committee.

PLEASED WITH THE SITE.

It seems probable that, as a result of the visit of the Congressional Committee to the Temple Farm, in York county, Saturday and Sunday, that this historic spot will be purchased by the United States and converted into a National Park. It was there that Cornwallis surrendered, and the event is commemorated by a large statue. The committee spent Saturday on the farm as the guests of its owner, Mr. M. O. Mauck. They drove all over the farm and were much pleased with it. It is understood that they are unanimously in favor of the park project.

BIBLES IN MANY TONGUES.

A consignment of fifty German Testaments has been received by Rev. T. J. McKay, who is in charge of the Gospel yacht "Mary W. Bowen."

On Sunday Rev. Mr. McKay held services on the boat at the coal piers. He has entered heartily into the work of entering Jesus to the sailors who touch at this port.

FOR THE KEARSARGE.

The bronze bas-relief, which is to stand between the big guns of the forward superimposed turret of the battleship Kearsarge, and a duplicate of which is to decorate the forward turret of the Alabama, is the work of Bela L. Pratt, of Boston. Mr. Pratt did much of the important work for the Congressional Library at Washington, and he has also some examples of his art at Yale.

He has given his attention to this Kearsarge memorial for the people of New Hampshire, for several months. The bronze is framed with a graceful scroll, and has the shield of the United States for a background. Before this stand two female figures, thinly draped, typifying the North and the South. The figure on the left, with hair bound, represents the North, and the South stands opposite with her hair flying loose.

The faces are against the eagle which surmounts the shield, and the shield itself is outlined with a rope down into a knot at the apex.

Beneath in a horizontal panel is the inscription: "From the State of New Hampshire to the U. S. S. Kearsarge, to maintain justice, honor, freedom, in the service of a reunited people." The bronze is about ten feet high, and the figures are slightly more than life size. The presentation will take place at Portsmouth, N. H., this month.

"PRINTERS' NIGHT" AT BUCKROE.

A benefit performance for the Newport News Typographical Union will be given to-night at the Buckroe vaudeville. The event promises to be a successful one from every point of view. The list of attractions is one of the strongest ever presented at this popular resort, and as the friends of the type have been active in their behalf, there is every reason to believe that it will be a financial success. Manager Rex has interested himself in the affair, and promises to leave nothing undone to make the "Printers' Night" an eventful one.

TO INSPECT RAILROAD PROPERTY.

On Thursday the members of the State Board of Public Works will come here on its annual visit for the purpose of inspecting the railroad property here.

EXCURSION TO YORKTOWN.

Most delightful was the excursion to Yorktown taken by fourteen young men of the city on Saturday. The party consisted of the following gentlemen: Messrs. Wakeman, Chase W. Parker, Hubbard, Hight, W. H. Holt, E. Randolph, Vandeventer, L. H. Bagg, D. Sprinkle, Burrell, J. Thomas, Keeler, J. Bryant, and Patterson. They chartered the schooner Welling, of Hampton, and left here Saturday afternoon at three o'clock, stopping off at Old Point, arrived at Yorktown Sunday morning at five o'clock, and remained there until nine, seeing the sights of the town. Returning they landed here about seven Sunday evening, having had a very pleasant outing.

POLICE COMMISSIONERS.

The Board of Police Commissioners were to have held an adjourned meeting

last night for the purpose of making the appointments as provided for in the police ordinance passed by the Council at the last meeting, but as Messrs. Wilson and McKay were absent a quorum could not be gotten. Messrs. Watson and several other members of the Democratic Executive Committee called on Mr. Wilson and asked him to attend the meeting, but they returned reporting that Mr. Wilson refused to come. There was considerable animosity shown regarding his action.

READY TO PAVE.

Yesterday a meeting of the street committee was held at the Mayor's office for the purpose of arranging to begin work on the proposed paving and also to confer with Engineer Chalkley Hutton on the matter. The committee officially notified Mr. Hutton that the Mayor had signed the contract with the Trinidad Asphalt Paving Company and instructed him to notify the Trinidad Asphalt Company in order that they might commence work. The work will commence not later than the 23d, and sooner if the material arrives before that date. The first work to be done will be the curbing and this is already on the cars waiting orders to ship. Mr. Hutton estimates that the work will be completed in less than five months.

In speaking of the work yesterday he said: "It is a pity that the work has been held up for the last two months. The weather has been so propitious for this work. It is impossible to get so much work out of laborers in this kind of weather as in the cool weather we have now passed."

BRIEF ITEMS.

The Painters' Union has turned over to the Newport News General Hospital fund the sum of \$40.75 as the result of the observance of Hospital Day by members of the union.

A copy of the charter of the Mutual Protective Building and Loan Association of Baltimore, which has a capital of \$10,000,000, has been filed in the clerk's office here, to enable this company to do business in Newport News.

Mr. C. Aylett Ashby is given power of attorney for the company.

Dr. and Mrs. William Roane Aylett have returned from their bridal trip and are at home to their friends, 122 Third-street.

The Light and Water Company was called to order by Chairman Stone last night, and upon the recommendation of the various councilmen they decided to recommend to the Council that thirty-six new electric lights be placed.

HAMPTON.

A. W. Kempton Sentenced to the Penitentiary for One Year.

Two Pleasant Sailing Parties and a Delightful Luncheon—Captain Watson Criticized—Charged With Larceny—Death of Brother Julian—Three Negroes Sent On.

Hampton, Va., June 12.—A. W. Kempton, the old soldier charged with shooting Edward Bell and also with shooting his relative, Wm. Kempton, was tried yesterday and given one year in the penitentiary on the first charge.

Bell and Kempton were both placed on the stand and they told how they found the prisoner lying helpless in the public highway. They offered assistance and he shot them.

In the afternoon the prisoner testified that he was a resident of New Mexico previous to his entering the Soldier's Home. His career, he said, had been a wild one. He had lived mostly upon the frontier and by profession he was a sea captain. Recurring to the night of the tragedy he said that he was on his way to the home of Mr. Davis, where he was intimate, when he was seized with vertigo and fell in the road. He was afterwards aroused by William Kempton, and later by the two gentlemen and he told them to let him alone. Recognizing him, Bell placed his hat on his head and kicking him, asked, "Where is your friend, Horace Davis?" He replied, "Do you mean to insult me?" "Then," he continued, "they began to abuse me. Kempton threw his hand back as if for a revolver, and when they do that in the country from which I came a man is justifiable in shooting. When I am in a cracking good mood, this is why I hit them, and they did not hit me, for the young man is a poor shot and had a poor aim. I hit Bell first and then hit Kempton. I would have hit Kempton with the third shot fired but Bell kicked me in the breast."

DEATH OF BROTHER JULIAN.

Yesterday afternoon Brother Herman Julian passed away at the Brother's Sanitarium, on La Salle avenue, aged 21 years, of consumption. He was a native of Ireland. Last night his remains were sent to New York, where they were interred to-day.

BROWN WAS BAD.

Yesterday Magistrate J. W. Richardson sent Henry Brown to jail for ten days because he failed to give a bond in the sum of \$50 for good behavior for the next six months. The charge against Brown was drunkenness.

SAILING PARTY.

Yesterday afternoon Miss Katie Tabb gave a delightful sailing party to several of her friends. The party included Messrs. H. W. Booker, Miss Mary Booker, Katie Tabb, Ruby Booker, Mae Tabb, Emma Schilling and Mary Lee.

A CHARMING LUNCHEON.

Yesterday Mrs. Robert Stocker gave a delightful luncheon to several of her friends. There were present Mesdames J. W. Lee, Frank Lee, Rock, Crose, and the Misses Emma Schilling and Eliza Tabb.

IN HONOR OF HER GUESTS.

Yesterday afternoon Mrs. Jas. Van Allen Bickford gave a most enjoyable sailing party in honor of her guests, Mr. and Mrs. Chester Turnbull. Besides the above there were present Mesdames Rosalie and Mary Booker, Miss Thoma, Yon Schilling, Miss Malvina Zabb and Misses Nellie and Susie Lee, and Mr. Harry W. Booker.

INFANTICIDE CHARGED.

Mary Hemming, a colored woman, was arrested yesterday afternoon by Constable George Langer on a warrant charging her with infanticide. She stoutly denied the charge to-day before Justice Houchins, and claims that her enemies conspired to have her arrested. CAPT. WATSON CRITICALLY ILL. Captain Richard Watson, the agent of the Old Dominion Steamship Com-

pany at Old Point, is critically ill at his home, in East Hampton. Last night his physician had given up hopes of his recovery and at 11:30 o'clock it was stated that his death was momentarily expected. Captain Watson is suffering from a stubborn case of erysipelas. Captain Watson is one of the most prominent men in this section and the news of his serious illness was received with the deepest pain by his large circle of admiring friends.

PERSONAL MENTION.

Mrs. Hope, the wife of James Barron Hope, the founder of the Norfolk Landmark, and the Southern Post Laureate, is visiting the family of Mrs. Mattie K. Chisman.

Mr. and Mrs. Chester Turnbull are the guests of Mrs. James Van Allen Bickford.

THREE NEGROES SENT ON.

Ed. Baker, William Harris and J. H. Harris, the three negro men arrested in Phoenix on Saturday afternoon on the charge of robbing the saloon of Mr. W. H. Shelton on Friday night and carrying off a number of bottles of whiskey and \$2 in money, have been sent on by Mayor John A. Whitely to await the action of the grand jury. Harris confessed the crime and on his evidence seven bottles of the whiskey stolen have been recovered. The men have been incarcerated in the Hampton jail to await the result of the grand jury's investigation. The grand jury will convene to-morrow.

CHARGED WITH LARCENY.

On Sunday morning William Ashebeck, colored, 38 years of age, was arrested by Officers Knewstep and Curtis on complaint of an unknown negro man, who charged Ashebeck with robbing him of \$32. The case was before the Police Court yesterday morning, but on request of his counsel, Mr. M. T. Hines, Maxwell adjourned the case over for final hearing this morning. A fine of \$2 and costs was imposed upon Ashebeck for drunkenness on the streets.

WILLIAMSBURG.

COUNTY COURT—GRAND JURY INDICTS FOUR NEW YORK CROOKS—KNITTING COMPANY'S PLANT.

(Special to Virginian-Pilot.)

Williamsburg, Va., June 12.—The County Court convened here yesterday. The books of the assessor, just turned in, show an increase of \$2,187 in the value of real estate in town, and \$10,000 in the county of James City.

Sheriff M. R. Harrell qualified in the County Court as the administrator of the affairs of the late City Sergeant William L. Spencer.

H. L. Smith, Supervisor of Census for this district, was here yesterday looking after the work in this section. NEW YORK CROOKS INDICTED.

The grand jury to-day indicted four well-known New York crooks as parties who committed the recent robbery of the Bank of the City of New York, the Pinkerton Agency has charge of the matter and will make the arrests.

\$50,000 PLANT.

The well for the knitting company is down about 250 feet and a test of the water shows it to be soft and of fine quality, with a supply amply sufficient for all purposes at the mill. The contract for the building will be let in the next few days. The entire plant will cost about \$50,000.

Mr. E. M. Braxton, of Newport News, qualified yesterday to practice law in the County Court.

Mr. H. D. Cole qualified to-day as a school trustee for the term of three years, commencing July 1, and Mrs. W. H. Lamb as guardian of her children, giving an \$500 bond, with C. C. Banch, of Tidewater.

Miss Susan Welch, one of the prettiest girls of Williamsburg, will have as her guest during the finals Miss Evelyn Gordon, of Richmond.

Mrs. and Miss Gregory, of Yarmouth street, Norfolk, were here Sunday, Mrs. Gregory spending the day with Dr. and Mrs. S. T. Southall, and Miss Gregory with Mr. and Mrs. H. D. Cole.

PETERSBURG.

(Special to Virginian-Pilot.)

Petersburg, Va., June 12.—Rev. J. W. Rosebro, D. D., the retiring pastor of Tabb Street Presbyterian Church, was presented to-day with a handsome silver service, a gift from his congregation as a testimonial of their love and esteem.

A very rainy rain fell here this afternoon, high was accompanied by a violent thunderstorm.

Block store No. 135, on the east side of Sycamore street was sold at public auction this afternoon. W. I. Taylor was the purchaser, and the price paid was \$4,500.

Mr. W. M. Lewis will run an excursion from Petersburg to Virginia Beach on the 25th instant.

UNIVERSITY OF VIRGINIA.

(Special to Virginian-Pilot.)

University of Virginia, June 12.—Hon. J. L. M. Curry delivered an able and scholarly address here to-day, his subject being "Liberty."

which gave him opportunity to express his strong conviction upon political and social problems which confront the nation, especially the South. The faculty and audience were enthusiastic in their praise and applause.

Must Walk to North Pole.

For years have we struggled to reach the North Pole by ship, through ice and snow, through hardship and danger brave explorers have endeavored to reach the coveted spot. The fact that the pole is still a mystery points to the conclusion that our method of trying to reach it was wrong, and lends credence to the recent utterance of a learned scientist, that we must abandon ship, copy the Eskimo's customs and walk to the pole. The same commonsense reasons should be applied to health. Whoever has sought it vainly should conclude that his method was wrong. There is only one road to recovery for sufferers from stomach disorders, and that is through Hostetter's Stomach Bitters. If you have tried to cure indigestion, constipation, dyspepsia, liver or kidney trouble without it, you have simply been on the wrong track. The Bitters will cure you.

SUFFOLK ADVERTISEMENTS.

MISS PLACED—AT COMMERCIAL. A lady lost Friday one satchel with following address: J. B. Martin, Windsor, N. C. \$5 reward for return to COMMERCIAL HOTEL, Suffolk, Va. J613-31. FOR PROMPT AND SATISFACTORY settlements, place your insurance of all kinds with WOODWARD & BLAIR, Suffolk, Va. my2-14

CHRISTIAN SCIENCE.

A Wednesday Evening Meeting of Christian Scientists.

In Tremont Temple, Boston, Mass.—The Largest Available Hall Filled to Overflowing—Remarkable Cases of Healing from all Parts of the Country.

Every inch of available space in Tremont temple was occupied last evening at the last service of the annual meeting of the First church of Christ, Scientist, of Boston, the mother church. The occasion was also the regular Wednesday evening testimony meeting of the mother church.

As there are about 600 Christian Scientists in Boston now, and as any one who cared to come was admitted to this meeting, the place could not fail to be filled. No large auditorium could be secured for last night, however. People began to arrive by 5 o'clock to get the better seats, and scarcely a seat remained unoccupied an hour before the meeting was opened.

Organist Conant of the mother church played selections on the organ for 15 minutes before the opening of the meeting, at 7:30. Precisely at this hour Judge Septimus J. Hanna, first reader of the mother church, announced the opening hymn, "Heavenly Love," by Baker G. Eddy, written by Mrs. Mary E. Eddy. The congregation arose and sang the hymn as one great chorus, from memory.

Silent prayer was then offered, followed by the audible repetition of the Lord's prayer. Judge Hanna then read from Psalm 97 and from revelations 22. Another hymn by Mrs. Eddy, "Over-Waiting Harpstrings of the Mind," was sung by the audience, after which the leader of the meeting read selections from the Christian Science Bible.

He then announced that an overflow meeting was in progress in the hall below for the benefit of the hundreds who could not be accommodated here.

Judge Hanna said he had been asked to give his experience, this being an experience meeting. He continued: "I have such an abundance of manifestation of love as I have witnessed during this blessed communion season, for, thank God, the communion season is on, and will last forever. Although we cannot meet you all and shake hands with you, we love you all, for you are all God's children."

He suggested that the visitors be given the time at this meeting, and asked all to compress what they had to say in five minutes each.

The instant Judge Hanna said "The meeting is now in your hands," a man in the first balcony began to speak. He said:

"Five years ago I could not turn over in bed. The doctors said I never could be cured. I was a professional gambler at the time. I had Christian Science treatment, and in one month no one would have known that I had ever been sick, so far as lameness was concerned. Before I was cured I was told I will let you judge for yourselves what I weigh now."

"Tell us how much, please," requested Judge Hanna.

"One hundred and ninety-four," said the man in the balcony.

The next speaker was a New York man. He told of the healing of a boy in that city whose family were so opposed to Christian Science that they would not allow a practitioner in the house, though they consented to the father's asking for absent treatment. After the healing had been accomplished the father, not a Christian Scientist, testified in the Second church of Christ, Scientist, New York, to the complete curing of his son.

Mrs. Adele Hull Wolf, of Dallas, Tex., said, in substance:

"When I was a little child I used to walk out on the roof of the house to see if I could not see an angel. After repeating the action many times I said to my mother: 'I have not seen so much as the foot of an angel.'"

"I became ill. I received treatment from 36 doctors. I passed under the knife in the hands of four surgeons. I was treated in six hospitals. I came from ocean to ocean to Cuba, to the old world. But I never saw an angel. Finally, when everything had failed, I climbed to the top of the temple of Christian Science and there found peace in one way. Now, while for the first time at a communion of the mother church, I want to send a mental message to our mother that I have not only seen an angel, but the whole course of the heavenly host."

A man in the first balcony told of healing from tumors, saying, "I could have shown you four kinds, any kind you might want," all of which, he said, were annihilated by Christian Science treatment.

A man said he had been entirely healed of epilepsy.

A woman told of being cured of consumption.

A woman on the platform said she had been healed of dropsy, with which she had been previously troubled from childhood.

Here Judge Hanna remarked that in these days prophecy was being fulfilled. He then presented as a recent convert to Christian Science Rabbi Wertheimer of Dayton, O., of whom all Christian Scientists had already read. The rabbi is a middle-aged man, and a fluent speaker of English. He spoke most earnestly and impressively, saying, in part:

"It was ingratitude on my part should I keep silent at this time. I have not been healed of any of the 13s that flesh is heir to, but I have been healed of the theological blunders, and I am a fluent speaker of English. He spoke most earnestly and impressively, saying, in part:

"My gratitude goes out, not only to the exemplary church to which I have the privilege to belong, but to that exemplary mother who has guided this ship through the storms, and will guide it to safety; for truth will prevail."

Rev. Dr. George Tompkins of Camden, N. J., formerly associated with the late Mr. Spurgeon in London, told of good work in Christian Science which has come into his experience.

A woman said that 17 years ago a doctor pronounced her an incurable consumptive. She said that Christian Science had healed her. She looked as robust as any one in sight.

Mr. Wickersham of Denver, a teacher of Christian Science, said: "My brother and sister and I went to Colorado at the same time for our health. They passed on, but Christian Science saved me, and I want to again thank Mrs. Eddy. I have since been able to heal all kinds of disease. A woman once came to me for treatment, saying

what the trouble from which she wished to be relieved was. After it had disappeared she sent word to me that she had also been healed of another trouble of which she had not told me, because she thought that could not be cured. A doctor had told her it would be impossible."

He told of the curing of a certain man from disease, and said that now, in consequence, the finest saloon in Colorado was for sale.

A woman wished to testify for a boy who was 400 miles away and who had been born deaf. The hearing came gradually and slowly under Christian Science treatment.

"I wish you could have seen him the day he first heard the birds sing," said she. "He had previously been in a school to learn the language of the fingers, but was obliged to leave the institution because he became afraid to hear too well to remain. Last Sunday he sang two of the mother's hymns through. I stood 500 feet away from him and he answered a question which I asked him at that distance. He wanted me to tell them in the Boston church, for it might open some one else's eyes."

Mrs. White, second reader of the Fourth church in Chicago, said: Christian Science has done so much for me that it would be almost impossible to tell it. I was cured of troubles resulting from spinal meningitis. I have seen Christian Science heal bright disease in one treatment. But that is small compared with the spiritual blessings it brings."

At 9 o'clock Judge Hanna said that he would be glad to continue the meeting longer, but that the time had come to draw it to a close. Some 25 180 given testimonies one immediately after another. Often two or more would begin to speak at once in different parts of the house, and the leader would have to stop the others till one had finished.

The overflow meeting in Lorimer hall was attended by about 500, and here also testimonies were given as rapidly as at the large meeting. Edward A. Kimball of Chicago, a member of the Christian Science board of lecturers, presided, and among the speakers were Judge Joseph B. Clarkson of Omaha, also of the lecture board and of the Christian Science board of education, and Arthur S. Silver, a well-known railroad man of the west.

Relief in Six Hours.

Distressing kidney and bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. It relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by Wares, Martin & Gray, druggists, Norfolk, Va. weekly.

25 COMMERCIAL PLACE. NORFOLK, VIRGINIA. J61-10-17

At a meeting

of all the horses, now being used to the WIREWHEEL RUNABOUTS made by A. Wrenn & Sons, it was unanimously resolved:

1st. That A. Wrenn & Sons are entitled to the thanks of all the horses in this section for making the easiest running vehicle a horse was ever hitched to, thus reducing our work which, during the hot weather, was frequently very hard on us.

2d. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

3d. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

4th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

5th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

6th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

7th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

8th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

9th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

10th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

11th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

12th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

13th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

14th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

15th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

16th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

17th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

18th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

19th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

20th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

21st. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

22nd. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

23rd. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

24th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

25th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

26th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.

27th. That all horse owners not now using this Runabout should look into its merits and buy one without delay.
